In addition to in-person services we offer at True North Clinic, we also continue to provide services virtually, also known as telepsychiatry and telehealth services. These cutting-edge healthcare practices enable assessment and treatment through technology, typically by way of video conferencing. This approach opens up treatment opportunities to a wider audience, eliminating barriers like transportation or geographical constraints.</p>

The crisis center is open 24 hours per day, 7 days per week and houses staff that provide Emergency Services, Mobile Crisis, and Community

			<p>Crisis Stabilization services. In addition, the Crisis Intervention Team Assessment Center (CITAC) is located within the Crisis Center. The Crisis Center is designed to assess individual's needs to address their crisis, provide a less stricter environment for short-term services, and reduce the risk for inpatient hospitalization. The cornerstone of the DPCS Crisis Center is the acknowledgement that successful intervention is person-centered and supports individualized recovery and self-determination. Effective interventions include the fortification of the individuals' capacity for self-nurturing, choice-making and sustained wellness. The therapeutic models and techniques utilized for intervention essentially facilitate a standard for success for each individual.</p>
